

国際進学 帰国生入試 英語ライティング試験 解答例

【解答例】

I do not want to become a vegan. A vegan must be very strict about what they eat. This makes it difficult to buy ready-made food, because there is not much vegan-friendly food in Japanese supermarkets yet. It is likely that you will have to cook most of your meal, which seems very stressful for someone who is not good at cooking. That is why I do not want to become a vegan. (73 words)
